3. Use paper measuring 8½ X 11 inches.

HOW TO COMPLETE THIS SCHEDULE

Use a single line for each transaction and provide all the information requested. Provide a subtotal for each page and a grand total on the last page.

PURCHASE SCHEDULES (use a single line for each invoice)

Group all purchases by manufacturer and provide a tobacco products subtotal for each manufacturer. On the last page of a purchase schedule, indicate the total tobacco products received from all manufacturers.

When completing the purchase schedules, enter the tobacco products as shown on your purchase invoices. Do not enter net amounts which reflect shortages or overages.

If you are shorted merchandise, enter the amount you were shorted on Schedule 3 or 4, as appropriate. If you receive more merchandise than you ordered, enter the excess amount on a separate line of the purchase schedule.

Untaxed Purchases – Schedule 1 (in-state permittees only)

Itemize all untaxed tobacco products purchases you received during the month. This includes all free samples and promotional products you receive. Enter the total tobacco products on line 1 of Form TT-100.

Tax-Paid Purchases – Schedule 2

Itemize all tobacco products purchased and received during the month where Wisconsin tobacco products tax was paid.

CREDIT SCHEDULES (use a single line for each invoice)

"Credits" are tobacco products that have been purchased but not received on a permittee's premises (shortages) and damaged merchandise, whether discovered upon or after receipt.

Untaxed Credits – Schedule 3 (in-state permittees only)

Enter untaxed tobacco products received from the manufacturer, found to be short shipped, lost, or damaged prior to being received from a manufacturer. Shortages discovered before merchandise is received should be noted on papers provided by the carrier. Enter total untaxed credits on line 2 of Form TT-100.

Tax-Paid Credits – Schedule 4

Itemize all tax-paid tobacco products found to be short shipped, lost, or damaged prior to your receipt of the tax-paid tobacco products from a Wisconsin tobacco products distributor. Also report documented damage taking place on your premises, and merchandise discovered damaged after its receipt. Out-of-state permittees report credits to Wisconsin customers as a negative sale on Schedule 6.

SALES SCHEDULES (use a single line for each invoice)

Sales are reportable in the month that actual physical movement of the tobacco products takes place from a distributor's premises.

Untaxed Sales – Schedule 5

Itemize all sales of untaxed tobacco products made during the month to Wisconsin permittees or shipped out-of-state. Persons receiving untaxed tobacco products in Wisconsin must have the appropriate permit to purchase tobacco products tax-free.

Enter total untaxed out-of-state shipments on line 3 of Form TT-100.

Tax-Paid Sales – Schedule 6

Itemize all sales of tax-paid tobacco products whether sold to Wisconsin distributors or Wisconsin retailers. For out-of-state permittees, enter the total on line 1 of Form TT-100.

On your last schedule, provide (and label) totals for:

- Sales to retailers
- Sales to wholesalers
- Wisconsin sales (total sales to retailers and wholesalers)

Columns A, B, and C - 'Roll-Your-Own' (RYO) Tobacco Products

The Wisconsin Tobacco Master Settlement Agreement law (MSA) defines "roll-your-own" tobacco as tobacco that, because of its appearance, type, packaging, or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes. Invoices containing "roll-your-own" tobacco products require additional reporting. For each invoice with RYO tobacco products, enter the manufacturer's name, each brand name of "roll-your-own" tobacco, and the total ounces received per brand.
